Make Applications More Valuable

Embed our innovations. Make your applications richer, without rewriting.

To make database applications more valuable, embed Caché – the object database with robust SQL – and enjoy dramatically higher speed and scalability while lowering hardware and administration requirements. Or, for applications that have to link with multiple systems and processes, embed

InterSystems **CACHÉ**® Ensemble. Your applications will become connectable, and you'll be able to rapidly enhance them with a rich Web interface, adaptable workflow, rules-based business processes, and other new features that users want. InterSystems **ENSEMBLE**®

InterSystems' software is embedded in over 100,000 systems, including critical solutions in most of the world's leading hospitals. For twenty-nine years, we have been making developers more successful by providing innovations that enrich applications.
